## What the courses for parents and children are?

These courses are specifically designed to make families get immersed in the Spanish language and culture. The parents, or one of them, can attend an Intensive Course of Spanish of their level. In the meantime, children can take one of the specific courses we offer: **Kid Course**, for children from 4-6 and 7-11 years old; and **Teen Course**, for teenagers from 12 to 15 years old.

With these courses, children and teenagers learn Spanish in a fun way thanks to our teaching methodology which includes songs, games, role plays, and many other activities to make the studies more amusing and motivating.

*Experience a family stay in Valencia and learn Spanish together!*

### Kid and Teen Courses

In the Kid and Teen Courses, the teaching material is adapted to each age group, bearing in mind the needs and learning abilities of each student. Our teachers, who are native philology graduates, teach and guide the students to understand the Spanish language in a playful way.

**Kid Courses** are intended to **beginners** (level A1); **Teen Courses** are offered for the levels **A1, A2, and B1**. At the end of the course, all students will be given a certificate specifying the dates of the course and the level achieved.

### Accommodation

Families can choose from our wide variety of accommodation options. You can stay in a fully-equipped shared flat located nearby the school; in a hotel/hostel; or with a host family, where you can choose accommodation and breakfast, half-board, or full-board.

### Extracurricular activities

During the free time, the whole family can put into practice what they have learnt and enjoy the various extracurricular activities which we offer daily. By taking part in these activities, families are able to know and experience the culture and way of life of the city.
